- 1) Notify Licensee promptly after SOTI learns of any potential, actual or suspected misappropriation or unauthorized access to, or disclosure or use of, Licensee Data or other compromise of the security, confidentiality or integrity of Licensee data (collectively, "Security Breaches"). SOTI will promptly investigate each potential, actual, or suspected Security Breach and assist Licensee in connection with any investigation that Licensee may reasonably desire to conduct with respect to such Security Breach. SOTI will take all commercially reasonable steps requested by Licensee to limit, stop, or otherwise remedy any potential, actual, or suspected Security Breach.

SOTI shall inform its personnel with access to Licensee Data of the requirements set forth in this Section 12 and shall ensure that such personnel are bound by and comply with such requirements.

SOTI will not be in violation of its obligations under the immediately preceding paragraph when Licensee Data is disclosed by SOTI to the extent legally required by a valid order of a court of competent jurisdiction or administrative agency, or a validly enforceable subpoena; provided that (i) SOTI provides prompt written notice to Licensee of any such request or requirement

- 5) Provide Licensee with information as may be reasonably requested by Licensee from time to time with regard to SOTI's compliance with its obligations under this Section 12, including, if available and not subject to the attorney-client, work product or any similar privilege, the results of any audits or tests performed on SOTI's information security program or on any components thereof.
- 6) Cooperate with Licensee, and take such action as it reasonably requires enabling Licensee to comply with its obligations under applicable US and foreign data protection and privacy laws as they relate to the Licensee Data.

Without limiting any other right that Licensee may have to terminate this Agreement or any other remedy available to Licensee, upon the occurrence of (i) any Security Breach which results in Licensee determining that Licensee Data is at risk with SOTI, or (ii) any material breach of SOTI's obligations under this Section 12, Licensee may immediately terminate this Agreement, without incurring any penalty, by the delivery of written notice of termination effective as of the date specified in the notice of termination.

The location data and queries collected by SOTI are collected in a form that does not personally identify the Licensee and may be used by SOTI, its partners and licensees to provide and improve location-based products and services. By using any location-based services on Licensee's Device, the Licensee agree and consents to SOTI's, its partners' and licensees' transmission, collection, maintenance, processing and use of Licensee's location data and queries to provide and improve such products and services. Licensee may withdraw this consent at any time by disabling the location-based features in Licensee's Device. Not using these location features will not impact the non-location-based functionality of Licensee's Device. When using Third Party Applications or services on the Licensee Devices that use or provide location data, Licensee is subject to and should review such third party's terms and privacy policy on use of location data by such Third Party Applications or services.

8.6 Compelled Disclosure

The Receiving Party may disclose Confidential Information of the Disclosing Party if it is compelled to do so by law, provided the Receiving Party gives the Disclosing Party prior notice of such compelled disclosure (to the extent legally permitted) and reasonable assistance, at the Disclosing Party's cost, if the Disclosing Party wishes to contest the disclosure. If the Receiving Party is compelled by law to disclose the Disclosing Party's Confidential Information as part of a civil proceeding to which the Disclosing Party is a party, and the Disclosing Party is not contesting the disclosure, the Disclosing Party will reimburse the Receiving Party for its reasonable cost of compiling and providing secure access to such Confidential Information.
